

Facility appointment policies for essential research

- After-hours authorized facility users with essential research may reserve an analyzer during this time
 - After-hours users are responsible for set-up, QC, and shut-down of instrumentation
- Please email the core manager (Christiane) to request an appointment
- If an Aria II appointment for essential research sorting is required, please email the core manager several days before the requested appointment time
- The core manager is working remotely at this time and is available by email or Zoom during normal business hours to answer questions and to add appointments on the schedule
